*This document has been prepared on the basis that any offer of Securities in any Member State of the European Economic Area (“EEA”) will be made pursuant to an exemption under the Prospectus Regulation from the requirement to publish a prospectus for offers of Securities. Accordingly any person making or intending to make an offer in a Member State of Securities which are the subject of the offering contemplated in this document, other than the permitted public offers, may only do so in circumstances in which no obligation arises for the Issuer or any of the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer. The Prospectus is available from 16 June 2022.

*Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on Markets in Financial Instruments, as amended ("MiFID II"); (b) Articles 9 and 10 of Commission Delegated Directive (EUR) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the "**MiFID II Product Governance Requirements**"), and/or any equivalent requirements elsewhere to the extent determined to be applicable, and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the MiFID II product governance requirements) may otherwise have with respect thereto, the securities referred to herein have been subject to a product approval process, which has determined that, although the transaction is only addressed to investors who meet the criteria of professional clients and eligible counterparties (each as defined in MiFID II), such shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in MiFID II; and (ii) eligible for distribution through all distribution channels as are permitted by MiFID II to such target market (the "**Target Market Assessment**").*

Notwithstanding the Target Market Assessment, distributors should note that: the price of the securities referred to herein may decline and investors could lose all or part of their investment; the shares offer no guaranteed income and no capital protection; and an investment in the shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to the requirements of any contractual, legal, or regulatory selling restrictions in relation to the transaction. Furthermore, it is noted that the Managers will only procure investors who meet the criteria of professional clients and eligible counterparties or to other investors, in such a way as to fall within the exemptions set out under Article 1(4)(d) of the Prospectus Regulation.

For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the shares. Any person subsequently offering, selling, or recommending the Notes (a "distributor") should take into consideration the manufacturers' Target Market Assessment. A distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the shares (by either adopting or refining the manufacturers' Target Market Assessment) and determining appropriate distribution channels.

Each distributor is responsible for undertaking its own target market assessment in respect of the securities and determining appropriate distribution channels.
